### Lodging - US

"Accommodations are back! Industry revenue and profits have recovered despite only domestic leisure travel fully getting back to pre-pandemic levels. Still, properties will need to increase their occupancy, and they'll have to entice a travel population focused on value, ease and control."

### Luxury Travel - US

"The recovery of the luxury travel sector has continued undeterred by inflation, and with more destinations becoming available to travelers, the outlook looks positive. Luxury travel across income levels continues to grow, giving luxury providers a broader audience to appeal to, with a different set of wants and expectations than ...

## February 2023

### Consumers and the Economic Outlook - US

"Cooling inflation and a solid labor market are likely the direct contributors to consumers' positive outlook entering the new year. With further rate hikes and unemployment projected to rise, revisiting these sentiments six months from now – which is when experts project the US to enter a mild recession – ...
