

## Mechanical and Electrical Engineering - UK - September 2018

Report Price: £995.00 | \$1343.55 | €1119.77

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

“M&E contracting is a significant element of the wider construction sector. Technology and legislation surrounding climate change and building regulations are driving market growth and opportunities, while the trend to regular maintenance has extended beyond the commerce and industrial sectors to the residential market.”

- Terry Leggett, Senior Analyst

### DID YOU KNOW?

This report is part of a series of reports, produced to provide you with a more holistic view of this market

# Mechanical and Electrical Engineering - UK - September 2018

Report Price: £995.00 | \$1343.55 | €1119.77

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

## Table of Contents

### Overview

What you need to know  
Covered in this Report

### Executive Summary

The market

Strong growth in 2017

Figure 1: The market for M&E contracting, 2013-17

Mechanical and electrical contracting – different trends

Figure 2: Segmentation of the M&E contracting market, by type of work, 2013-17

New construction and R&M have different trends and influences

Figure 3: Segmentation of the M&E contracting market, by type of demand, 2013-17

Market drivers

Figure 4: Construction output in Great Britain, 2013-17

Continued growth prospects

Figure 5: Forecast market for M&E contracting, 2018-22

Companies and brands

Fragmented and highly competitive

Figure 6: Segmentation of work undertaken in the plumbing and heat and air conditioning installation industry, by number of employees, 2017 (£ million)

Figure 7: Segmentation of work undertaken in the electrical installation industry, by number of employees, 2017 (£ million)

What we think

### Issues and Insights

The Brexit issue

The facts

The implications

Climate change targets slipping

The facts

The implications

### The Market – What You Need to Know

The Brexit impact

Selective tendering

Legislation and technology can be key drivers

### Market Size

Major growth in 2017

Figure 8: The market for M&E contracting, 2013-17

### Market Segmentation

## Very different trends – M&E

Figure 9: Segmentation of the M&E contracting market, by type of work, 2013-17

## New construction and R&M are very different sectors

Figure 10: Segmentation of the M&E contracting market, by type of demand, 2013-17

## Market Segmentation – Electrical Contracting

### Both new construction and R&M inconsistent

Figure 11: Segmentation of the electrical contracting market, 2013-17

### New construction

Figure 12: Segmentation of electrical contracting from new construction projects, 2017 (£ million)

### R&M demand

Figure 13: Segmentation of electrical contracting from R&M projects, 2017 (£ million)

## Market Segmentation – Mechanical Contracting

### Both new construction and R&M growth in 2017

Figure 14: Segmentation of the mechanical contracting market, 2013-17

### New construction

Figure 15: Segmentation of mechanical contracting from new construction projects, 2017 (£ million)

### R&M demand

Figure 16: Segmentation of mechanical contracting from R&M projects, 2017 (£ million)

## Market Forecast

### Growth to continue

Figure 17: Forecast M&E contracting market, 2018-22

### Growth from new construction and R&M

Figure 18: Forecast Segmentation of the M&E contracting market, by type of demand, 2018-22

### Electrical to continue to lead market

Figure 19: Forecast Segmentation of the M&E contracting market, by type of work, 2018-22

## The Impact of the Economy

### GDP

Figure 20: UK GDP quarterly development, by sector, 2004-18

Figure 21: Forecast GDP development, 2017-22

### Interest rates

### House prices

Figure 22: Annual house price rates of change, by type of property, 2006-18

## Market Trends

Brexit changes, or not

Sustainability gaining in importance

Building information modelling

## Market Drivers
